## GREAT CROWD COLLECTS

Speaker Taken to Mandan For  
Meeting by Bismarck Man  
in Auto

A. B. Nelson, speaking in Mandan last night, was the victim of missiles thrown from a crowd which had gathered around to hear him speak at a street meeting, and was invited to return to Bismarck post haste. Mr. Nelson, who was with Dr. T. McLachlan returned. One egg struck him in the face, it is said.

Nelson is said to hail from Portland, Ore. It is understood he is the same Nelson who spoke in Burleigh county last fall in the political campaign, speaking for the Nonpartisan league. At that time not much was known about him, he being known as a speaker interested in economics and was said to be a native of Russia. He was understood to be on the state payroll for a time.

Dr. McLachlan said that he was standing in a hotel here last evening when Nelson remarked that he wanted to go to Mandan. Dr. McLachlan said that he had nothing in particular to do and told him he would drive him over in his automobile.

**Fire Cracker Thrown.**  
Nelson was speaking at a street meeting. Mandan reports said that his remarks were socialistic and drew fire from the crowd which collected.

Someone threw a fire cracker to the street and it exploded.

"I suppose that is some 100 per cent American celebration," Nelson is reported to have said.

Nelson during the course of his talk was said to have incurred ire of the auditors by other remarks. He was alleged to have referred to working men as "you sumps" in advocating greater activity among the working men in economic disputes.

"I did not know the man and know nothing about him except that he was interested in economic questions and made a speech in which he discussed unemployment, the causes and problems growing out of it," said Dr. McLachlan.

When someone threw a fire cracker while he was talking he said something like "I suppose that is some 100 per cent American celebration," but I heard nothing out of the way in his speech."

Dr. McLachlan said that some one threw an egg from a window which struck Nelson. Others threw eggs and other missiles, it is said, one egg striking Nelson in the face.

**Alleged Remarks.**  
Nelson is said at one time to have remarked to the crowd, "Yes, you are all out of work and all you can do is stand round and yell 'throw an egg.' People had been yelling this."

At another time he is said to have remarked, "You say you are Americans, but you are skunks."

A well known business man is said to have climbed in the automobile from which Nelson spoke and struck him in the face.

**Auto Turned Around.**  
After a remark regarding the Americanism of the drivers which the crowd held insulting, according to reports, the crowd turned the car around and advised a return to Bismarck.

The incident happened about 10 o'clock last night. There were several hundred in the crowd, it was said. Dr. McLachlan said there were several Mandan people with whom he was well acquainted in the crowd, with whom he talked, and that to avoid any further trouble he drove the speaker away.

Efforts to reach Nelson to get his side of the story failed today.

Dr. McLachlan said that he did not know whether Nelson was speaking for some organization or not, but that he was not speaking for the Nonpartisan league.

FINDS BUG TO  
KILL POTATO  
BUGS IS CLAIM

Chicago, June 23.—A bug that kills potato bugs for the fun of it is what John Laux, of Waukegan, Ill., believes he has found.

After observing a mortal combat between a potato bug and the same kind of bug several months ago with disastrous results to the former he took the victor inside and located a mate. During the winter a family of ten was raised and Laux says they eradicated the bug in his garden this spring in a few days. He has sent a pair of his mystery bugs to the United States Department of Agriculture at Washington.

CUSTER MEMORIAL TO BE ERECTED  
Washington Man Claims To Be Only Massacre Survivor

By Newspaper Enterprise.

Dayton, Wash., June 23.—Of the five companies of soldiers who fought with General George A. Custer at the famous massacre on the Little Big Horn on June 25, 1876, not one man survived.

That is what history says.

But Frank Finkle, of this town, declares he was there and his story is borne out by the name "Finkle" on the regiment's roster, and by various residents of Dayton who say they have seen papers, lost since in a fire, which proved the fact.

All this is why Finkle is being urged to attend ceremonies to be held at Hardin, Mont., on June 25, the forty-fifth anniversary of the massacre.

Finkle, a member of the troops commanded by Capt. Tom Custer, brother of the famous general, relates how the regiment took up the trail of Sitting Bull and his warriors.

The battle opened with an attack on an Indian village," he says. "General Custer led one set of troops while Major Reno headed another.

"Custer's force rode on to the attack until suddenly there was a thunder of yells as the Sioux Indians sprang from behind every bush and poured over the hillsides.

"Men and horses fell all around me. A bullet hit my rifle stock and a splinter of steel started flying between my eyes. My horse bolted and carried me, half blinded, through the Indian lines.

"Then came a stinging sensation. In my shoulder, and I lost consciousness, falling forward on my horse. When I came to, it was dark. Early next morning I reached the mountains.

"For five days I rode, eating raw rabbits in fear of attracting the Indians if I built a fire.

FOREIGN LOAN  
PLAN IS GIVEN  
TO U. S. SENATE

Secretary Mellon Would Have Blanket Authority in Handling Them

Washington, June 23.—A bill embodying plans of Secretary Mellon, of the Treasury department, for refunding war loans made to the allies was introduced in the senate today by Chairman Penrose of the finance committee to which the measure was referred.

Blanket authority would be given the secretary under the bill, with the president's approval, to reconvert or extend loans or interest payments, to accept foreign securities in payment and to settle all claims not now secured.

LANGER LIBEL  
CASE HELD UP  
BY HIGH COURT

Grants Petition of Plaintiffs Seeking Removal From Richland County

The supreme court has issued an order to Judge Frank P. Allen, of the Third district, and to William Langer to appear before it at 10 A. M. June 28, to show cause why a stay of proceedings in Langer's libel suit against the Couriers-News, a corporation, William Lemke and Herbert E. Gaston, should not be continued.

The action was taken on a petition filed by the defendants for a change of venue from Richland county, because of prejudice, which Judge Allen denied.

The case was originally brought in district court at Fargo. The defendants took a change of venue to Richland county. It was to have been heard there tomorrow. The defendants claimed they could not get a fair trial in Richland county because of prejudice. Judge Allen overruled their contention, and yesterday afternoon the petition for a stay of proceedings was filed in the supreme court, and granted.

HARDING WILL  
STUDY NEGRO  
QUESTION SOON

New York, June 23.—President Harding, in a letter to the national association for advancement of colored people, made public today said he planned to proceed as early as possible to study the race question with a view of ameliorating the treatment accorded to negroes as outlined in his message to Congress.

## MEMORIAL ERECTED.

Hardin, Mont., June 23.—A monument to Gen. George A. Custer and his soldiers will be unveiled here on June 25, during the 45th anniversary observance of the Custer Massacre. The famous battle will be re-enacted and Indians who took part in the original fight will direct the production, some of them taking actual part.

## EXTRA ON MASSACRE.

The first printed account of the Custer Massacre, of 1876, was an "extra" issued by the Bismarck Tribune. It was a one sheet affair and sold for 25 cents. It didn't appear until July 4, eleven days after the battle.

## MRS. CUSTER AUTHOR.

New York, June 23.—Mrs. Elizabeth Bacon Custer, widow of General Custer, has been urged to attend the 45th anniversary observance of the Custer Massacre, at Hardin, Mont., June 25. But she will not go.

"I have never been back to Montana since that day," she says. "I just couldn't go. But I am with this western spirit. Progress and development were the things for which General Custer gave his life. And that is the spirit of the west today."

Mrs. Custer has written three books dealing with her western days.

AUXILIARY TO  
LEGION STARTS  
MEMBER DRIVE

Bismarck Organization Begins Three-Day Campaign For "Recruits"

TO INCLUDE DISTRICT

All Posts in Second Congressional District Urged to Have Campaign

A membership drive was opened today by the Women's Auxiliary of the American Legion of Bismarck.

Within a week the membership and organization campaign will be extended throughout the Second Congressional District.

The local auxiliary hopes to bring into the organization the mother, sister or wife of every member of Lloyd Spetz post. Mrs. William Falconer, president of the Bismarck auxiliary, is in charge of the membership campaign here.

The Bismarck auxiliary has been very active and has co-operated with the Legion in many ways. The poppy sale it conducted was highly successful, the sale amounting to \$750. The auxiliary has provided furnishings for the Legion's club rooms, members making many of the curtains themselves. They also have aided in dancing parties, luncheons and in many other ways.

Mrs. Frank S. Henry, vice president of the auxiliary for the Second Congressional district, has written to all auxiliaries in the district urging a membership campaign to be held on June 28 and 29. Mrs. Henry also has written to Legion posts urging the organization of auxiliaries. It is hoped that there will be an auxiliary to co-operate with every Legion post.

The Women's Auxiliary has a potential membership of 7,500,000 in the United States and is growing at a remarkable rate. The organization will become one of the most potent factors in the country for the preservation of American ideals if the growth continues, is the belief of all auxiliary officers. With a state organization in North Dakota, completed at the Devils Lake meeting, it is believed that the Women's Auxiliary will increase its membership in all parts of the state.

The membership committee of the auxiliary held a meeting last night at which details of the campaign were worked out. About 12 members of the committee will visit the wife, mother, sister or daughter of every Legion member, all of these being eligible for membership. If anyone knows of one eligible for membership, which the committee has not listed, Mrs. William Falconer would be glad to learn the name. The auxiliary now has 96 members, and it is hoped to reach the fullest possible membership in Bismarck, estimated to be about 500.

PREUS TO TELL  
OF HIS WORK

Governor of Minnesota To Tell Of Agricultural Laws

Governor J. A. O. Preus of Minnesota is billed to speak at three different points in North Dakota on June 30 and July 1, as follows:

June 30, Auditorium, Fargo, subject, "Citizenship and Leadership in Public Life."

July 1, Nelson County Fair at Aneta, subject, "Problems of Agriculture."

July 1, Country picnic, Platteau Grove, boundary line between Steele and Griggs counties, subject, "Political Problems."

Governor Preus is almost as well known among the people of North Dakota as in his home state, Minnesota, and he is said to be a forceful speaker and handles any subject that he undertakes to discuss in a masterly manner.

At the Nelson county fair Governor Preus will discuss in detail the Minnesota program with reference to the promotion and protection of agriculture. In his address at the picnic at Platteau grove he will discuss political problems that are common to the voters of Minnesota and North Dakota.

Baron Hayashi Expresses Views on Anglo-Japanese Alliance

London, June 23.—(By the Associated Press.) Baron Hayashi, Japanese ambassador to Great Britain, today expressed agreement with the views expressed at the Imperial conference concerning the Anglo-Japanese alliance, adding that he was sure his opinion was shared by the Japanese government.

Obviously, he said, no Japanese government and no Japanese consistent the alliance as envisaging strife with America.

"Friendship with the United States," he declared, "is an absolute necessity for Japan."

The ambassador said naval disarmament would be an inestimable boon for the world and the Japanese government was ready to discuss disarmament.

Brantford, Ontario, June 23.—Bella Pontiac, the world's record cow, owned by T. A. Barron, of Brantford, has set a new record. Figures made public today by James Wilson, supervisor of the official tests of the Holstein-Friesian Association, showed that for the fiscal year ending June 16 Bella Pontiac produced: milk, 27,017 pounds; fat, 1,259 pounds; butter, 1,678.75 pounds. Mr. Wilson said these figures were far in excess of any previous record.

FILLING JURY  
BOX IN BOWEN  
MURDER TRIAL

Case Which Attracted Wide Interest Opens in Hettinger, Adams County

## FOUR MEN ARE ACCUSED

One of Four Placed on Trial on Charge of Actually Shooting Bowen

(Special to The Tribune)

Hettinger, N. D., June 23. Ten men were in the jury box at noon adjournment in the Bowen murder trial here and attorneys hoped to obtain a full jury before night. A special venire of 24 men had been summoned. Part of this number was excused because of necessity of work on farms.

E. W. Taylor is on trial charged with the murder, and three other men have been charged with the crime. The murder of Bowen, which occurred near Beach in 1919, became involved in politics in the state and aroused interest all over the western part of the state. The case was transferred from Golden Valley to Stark and then to Adams county.

The shooting of M. K. Bowen, a rancher north of Beach, occurred on the evening of July 31, 1919. Three .45 calibre bullets passed through his body, and Taylor is charged with the actual shooting.

Dispute Over Cattle  
There had been disputes between Bowen and his neighbors for some time before the shooting. Bowen, it was said, had taken up 45 head of cattle belonging to D. B. Offley, a neighboring rancher. Offley sent a man after the cattle. Bowen, it was said, refused to give up possession, sending word for Offley to come and see him personally. Offley then asked constables and G. R. Jeffrey to accompany him. The defendants claim Bowen ordered them off the place, saying, "Get out of here you dirty dogs." They allege he ran to the barn and got a shotgun. As he came out of the door it is said that one of the constables, either E. W. Taylor or J. L. Stark, shot Bowen, mortally wounding him. The four were charged with the killing. T. F. Murtha, of Dickinson and J. F. Sullivan of Mandan are defending Taylor and L. A. Simpson is assisting the states attorney.

SAYS M'CUMBER

North Dakota Senator Speaks in Senate on Bill of His Committee

Washington, June 23.—"War-time profiteering pirates" were flayed in the senate today by Senator McCumber, Republican North Dakota, in an address advocating his bill for giving adjusted compensation to former service men. The bill reported favorably by the finance committee would be an act not only of gratitude but of justice, he said.

"Great as it seems to be when crystallized into dollars and cents," said Senator McCumber, "we are compelled to admit that it is much less than is actually due the soldier selected for military duty as compared with that which was received by his countryman who performed civil duties only."

Senator McCumber explained the five-fold plan of the bill endorsed by the American Legion for a cash payment of \$1 a day for domestic and \$1.25 for foreign service; for 20-year deferred payment and insurance certificates, for farm, or home aid, for vocational training privileges and for land settlement aid.

KICK BY HORSE  
PROVES SERIOUS

Dunn County Boy Brought To Hospital Here

Glenn Jerome, about 18 years old, is in a serious condition in the Bismarck hospital, suffering from injuries caused by the kick of a horse. He was somewhat improved this morning, but still in a very serious condition, it was said.

Jerome was harnessing a horse on a farm near Dunn Center Sunday morning when he was kicked, in the stomach. He was brought to Bismarck and an operation was performed. Young Jerome is a nephew of Senator Fred Mees, of Mandan.

LEWIS STATES  
HIS PLATFORM  
TO THE A. F. OF L.

Candidate for Presidency for Nationalization of the Mines

## ASK PACKERS CONTROL

Convention Refers North Dakota Bond Request with Recommendation

Denver, June 23.—The convention of the American Federation of Labor voted today a proposal calling for an amendment to the constitution of the United States taking the power of declaring war from Congress and placing it in the hands of the people through referendum vote.

The declaration, which went to a roll call after a stormy session, provided that "those voting in favor of a declaration of war be compelled to take up the active prosecution of the same before those who voted against the declaration of the war."

Official roll call showed 21,742 votes against the war referendum and 14,530 votes for it.

Denver, June 23. Government ownership of the railroads and nationalization of the mines are two major issues on which John L. Lewis hopes to win the presidency of the American Federation of Labor, it was learned today. On the other hand President Gompers was striving for reelection upon his record of the past 41 years as a leader in the American labor movement.

"In his first public statement as to his platform, Mr. Lewis, president of the United Mine Workers, said:

"I stand for government ownership of the railroads and nationalization of the mines, and other progressive legislation that will give the workers a voice in America the freedom and justice in industry they deserve."

FOR GOVERNMENT CONTROL  
Denver, June 23.—The American Federation of Labor convention reaffirmed its stand for government control and democratic ownership of railroads and directed that legislation be drawn up to put a similar policy in effect in other industries when desired by the workers.

WANT MEAT CONTROL  
Denver, June 23.—The convention of the American Federation of Labor today called upon Congress to enact legislation to control the meat packing industry of the country.

A resolution designed to give endorsement to bonds of the State of North Dakota and to the Nonpartisan league was referred to the international unions with recommendations for favorable action within the constitutional limitations of those organizations.

Officials of the Kansas Mine Workers organization were commended by the convention today for their stand against the Kansas industrial court law.

Moral and financial aid was voted the men for "so courageously opposing this law in the face of injunctions and prison terms and preventing the law from taking effect, thereby fighting the battles of organized labor."

DAWES CLAIMS  
CONGRESS GAVE  
JOB, NO HELP

Says He Will Ask Business Men to Serve on Budget Board For Nothing

Washington, June 23.—Charles O. Dawes, of Chicago, chosen by President Harding to head the new government system announced after conference with the President today that he would call on a number of experienced business men to serve in the budget bureau without pay because he considered the staff provided by Congress wholly inadequate.

Mrs. Dawes declared in a statement that if the budget system is to be a success reliance must be placed on something else than the pitiful machinery provided by law. One might as well be handed a toothpick with which to tunnel Pike's Peak."

Mr. Dawes said he would ask that two army officers who distinguished themselves for organization work in the American Expeditionary Forces be detailed to the bureau and ask his business associate in Chicago, William Abbott, to serve temporarily as his chief assistant.

# SERVICE MEN'S CLAIMS HEARD BY BOARD HERE

U. S.-Government Squad Examines Over 100 Veterans of War

FROM MANY COUNTIES

Vocational Training is Offered to Help Men in Occupations

The government squad carrying government aid to ex-service men who suffered occupational handicaps in the World War is examining between 100 and 200 cases in Bismarck. The members of the squad came to Bismarck from Dickinson, where they held a session Monday to examine applicants from western counties. Ex-service men are in Bismarck from several counties.

The party had difficulty in getting to Bismarck because of the railroad washouts in the western part of the state. The party expected to come from Miles City, Montana, to Dickinson Sunday, but could not get through. They drove to Bowman, N. D., and then in to Dickinson, and arrived here yesterday afternoon. The delay caused the shortening of the time scheduled for Bismarck and the party was to leave Bismarck this afternoon for Jamestown.

Squad Works Late.

G. E. Hardy, eligibility officer, in charge of the party, said, however, that information would be obtained on all cases. A record already was had on many who applied here, and he expects the survey here to facilitate the disposition of claims. The squad worked until 10 o'clock last night.

Under the vocational rehabilitation plan of the Federal Board of Vocational Education is announced in a pamphlet as follows: "The discharged soldier, sailor or marine who applies for vocational rehabilitation under the Vocational Rehabilitation Act is treated throughout by the Federal Board for Vocational Education as a civilian needing advice and assistance; his choice of an occupation is approved, unless, after careful investigation, sound opinion shows it to be in the end not advisable; he is trained to meet the needs of the occupation he has elected; he is urged to make the most of his opportunity to overcome his handicap by taking the best available instruction; he is assisted in securing desirable permanent employment when his training under section 2 of the Vocational Rehabilitation Act is completed; and he is followed up after he goes to work until it is assured his employment is satisfactory."

Legion Men Here.

To obtain vocational training it must be shown that the disability was incurred in service. Many of the men applying in Bismarck have been out of the service for two years, and it is expected to be somewhat difficult to establish that the handicaps complained of were sustained in service. Many of those applying here are seeking compensation for disabilities incurred without training features, expecting to continue at their present vocations; it is said.

With the party is a representative of the War Risk Bureau to investigate compensation claims and the war risk officer of the American Legion of North Dakota to aid the ex-service man.

Members of the party include: G. E. Hardy, eligibility officer; Dr. Lansing, U. S. P. H., examiner; C. R. Boine, contact officer; F. W. Zeller, special adviser from Fargo office; O. H. Serungard, of Devils Lake, assisting in contact work; Adam Helus, secretary to squad; Ted Hoverson, War Risk Insurance Bureau representative, and W. T. Kroll, state war risk officer of the Legion.

Transportation was advanced to about 80 men, who desired to come to Bismarck for the examination.

The party's work here was somewhat delayed yesterday afternoon because delay in a record of cases sent through the mails reaching the squad.

**\$225,000 SCHOOL MODEL OF ITS KIND**

Garden City, Kan., June 22.—What is described as one of the most elaborate and complete consolidated school plants in America has just been dedicated at Holcomb, seven miles west of Garden City on the western Kansas prairie. The plant cost \$225,000.

Seven school districts joined to construct the single plant where the pupils may have the advantages of a city school, including manual training, domestic science and scientific training of several varieties. Six one-room schools of the old type and a three-room school at Holcomb were abandoned in favor of the consolidated project.

The pupils are transported to the school by motor busses driven by teachers who receive \$20 a month for this extra work. The busses have a capacity of thirty to forty pupils each.

The Holcomb consolidated school district has an area of 124 1-2 square miles. The school population at present is 375. The new plant has a capacity of 650 grade and high school pupils.

The consolidated school group consists of seven buildings in all, with others to be added later, a first class farm for instruction in practical agriculture, and a large athletic field. In addition to the main high school building and a grade school building, there is a large garage for housing the motor busses, a cottage for the superintendent, a faculty home, cottage for the agricultural instructor and farm superintendent, and a cottage for the janitor.

headquarters for the eight states of Kansas, Missouri, Arkansas, North Dakota, South Dakota, Nebraska, Minnesota, and Iowa. Of this number, a few over eight hundred (800) have completed their enrollment papers with the certificate of character and the physical examination all made and ready for approval.

The men and boys of the Seventh Corps Area are especially fortunate in being able to receive this training at Camp Pike, Arkansas, for all who are in Kansas, Missouri and Arkansas, and at Fort Snelling, Minnesota, for all those who live in North Dakota, South Dakota, Nebraska, Minnesota and Iowa. The terrain of both camps with their valleys, hills and stretches of level ground make it possible to have field maneuvers, sham battles, etc., as well as athletic events, and field meets.

The men will be assigned to companies and battalions fully organized and officered. This vacation month, August 1st to 31st, will combine the advantages of healthful outdoor exercise with the benefits of military discipline, drill, and the supervision of officers of the U. S. Army, who have been especially selected by Brigadier General Omar Bundy, Corps Area Commander. Colonel A. W. Bjornstad, 49th Infantry, who was a brigadier

general during the war will be camp commander at Fort Snelling, and Lt. Col. Elliott M. Norton, 4th Infantry, a colonel during the World War, will command at Camp Pike.

Mornings at the camp will be devoted to diversified forms of military drill, to rifle practice and to mass games. Afternoons of the drill days will be given over to recreational athletics and practice parades. Retreat will be held every afternoon at 5:30. In the evenings from 7:40 to 9:30, there will be moving pictures or other entertainment for all men of the camps. On Saturday afternoons, supervised tours will be taken to points of interest near the camps. On Sundays, appropriate religious services will be held for all faiths, at which attendance is voluntary.

Uniforms will be issued free of charge as well as all necessary military equipment. Those attending either camp will be quartered in barracks.

Good shelter is thus assured. The food will be wholesome and nourishing.

The Government will pay all expenses of those attending, including transportation, uniforms, food, quarters, equipment, laundry service, medical and dental care. The candidate only puts up his time for the month of training. At the close of the camp there is no obligation resting upon those attending by way of continued service. No one is tied nor bound to the Army nor any other military force by reason of making application or by attending the training camp.

The way to get to go to the 1921 Citizens' Training Camp is to get an application from the chairman of the Military Training Camps Association, or from a Reserve Corps Officer, or from the American Legion Adjutant, or from a Y. M. C. A. Secretary, or direct from the commanding general, 7th Corps Area, Fort Crook, Nebraska, and after filling out the application

and having the certificate of character signed by a school teacher, clergyman, priest, or rabbi, mail it to Headquarters, 7th Corps Area, Fort Crook, Nebraska, marked for Major Fred L. Lemmon, Assistant Adjutant, who is the officer in charge of securing candidates for the C. M. T. C.

## Women Ranges For National Parks

Bozeman, Mont., June 23.—Miss Marguerite Lindley, a junior student in Montana State college here, is the first woman ever to be named as ranger in Yellowstone National Park. Word of her appointment has been received here.

Miss Lindley is anticipating no difficulty in pointing out to tourists the beauties and the wonders of the government playground, however, for the geysers and the hot springs are as familiar to her as the drinking fountains and the fire plugs are to many a city dweller. She is on terms of acquaintance with most of the birds and the beasts, and knows every hill and valley in the big reserve.

The new ranger's father, C. A. Lindley, is assistant superintendent of the park and has been connected with the government service there for 26 years. Miss Lindley has spent every summer of her life in the park.

## Custer Monument Has Been Furnished

Hardin, Mont., June 23.—The monument in memory of General George A. Custer, to be unveiled on June 26, the forty-fifth anniversary of the battle of the Little Big Horn, has been completed in the city park here. The memorial, paid for by popular subscription of citizens of Hardin and Big Horn county, is of Montana gray granite and bears two bronze plates, one showing Custer's profile and the other giving the date and place of his birth and his military record.

Plans for the celebration, which will include a reproduction of the massacre of Custer's command by Indians enacted by United States cavalrymen American Legion members and Crow Indians, provide also for an exhibit of several historical objects, it is announced by the Custer Battle Anniversary association, in charge of the affair. They will include one of Custer's original regimental flags and what is declared to be the first full-page newspaper account of the battle, published immediately after it was fought.

The battle is to be refought on the site of the original conflict, now a government reservation.

## Gasoline and Roast Beef

THE National Automobile Chamber of Commerce announces that six million cattle, hogs, and sheep were shipped by motor truck, from farms and feed lots to stockyards, during 1920; most of them were moved in the territory served by the Standard Oil Company (Indiana).

Before the advent of the motor truck, the farmer drove his cattle to the loading station, and hauled his hogs in the small, slow-moving, horse-drawn wagons. This practice called for a great expenditure of time and labor, and caused the animals to arrive in an overheated condition, which meant a heavy shrinkage and a consequent lower market value. Today much of this loss is eliminated by the quicker, more efficient method of transportation. Middle West farmers have come to look upon the motor truck as a dependable, economical aid in the prompt and profitable marketing of their live stock.

By reason of its comprehensive system for distributing gasoline and other petroleum products, the Standard Oil Company (Indiana) has been a potent factor in stabilizing the use of the motor truck on the farms throughout the Middle West.

Whether the farmer lives on a main traveled highway, or on a remote cross road, he depends upon the dark green tank wagon of the Standard Oil Company (Indiana) to supply his needs.

The dependability of Standard Oil Company (Indiana) service is recognized by the farmers of the Middle West—the most important food-producing area in the world.

In supplying the petroleum needs of the farmer, the Standard Oil Company (Indiana) is rendering a service of signal importance to every inhabitant of the territory served. A dependable supply of gasoline means a dependable supply of food.

Such service is possible only because the Board of Directors of the Standard Oil Company appreciate their responsibility to the public; and because 25,000 men and women who make up this organization realize the weight of this responsibility and the importance of their individual tasks.

While the equipment of the Standard Oil Company (Indiana) is vast and complete, it is the spirit of the personnel which makes for efficiency. The mere physical equipment would be impotent in the hands of the passive or inexperienced.

## IS THE TIME OPPORTUNE?

Another feature to be considered in connection with the proposed bond issue is the general financial condition. Few people will admit that now is the proper time to increase the bonded indebtedness of Bismarck.

The situation is painfully acute to many who hold unpaid city warrants upon which the taxpayers are being assessed for interest. This condition is hardly one to spur the taxpayers with any enthusiasm in connection with a new issue of city bonds.

Again it seems probable that refunding bonds must be issued to care for paying obligations which are maturing faster than the sinking fund of the city can care for them. A policy of wise finance would hardly contemplate another issue of bonds until the city was in the clear as regards the public improvement securities.

There is another valid reason why Bismarck should not embark in any more bond issues at this time regardless of the merits of the proposed issue. Inquiry at the county treasurer's office reveals the fact that not more than thirty per cent of the people have paid their taxes.

Aside from some very good reasons for this delay, the fact remains that the people are tax burdened and are looking for relief and deflation in public expenditures. The city should spend the next year or so in liquidating some of its obligations through wise management and the practice of strict economy.

The market for municipal bonds while not active, it is probable that so small an issue as this could be handled locally without difficulty, but admitting all this it is not the proper time to launch into more debt.

As the campaign progresses, it will be fitting to discuss other features in connection with this election. Sometimes the original cost of the projects for which these elections are held is not the only consideration and there are features the taxpayers should understand thoroughly.

Maybe the lights are turned off during the show to keep the actors from getting interested in the audience.

## TALK OF LUCK!

Dr. Donald B. McMillan's expedition leaves Boston for the Far North in July. One of its tasks will be to find an egg of the blue goose, in Baffin Land.

The nest of the blue goose never has been found, and ornithologists want results of the quest with vast interest. Some folks have all the luck. Consider McMillan.

How many on a hot day this summer will envy him his wild goose chase in Arctic Baffin Land!

## FORWARD!

Mrs. Jake Morris, wife of Jailer Morris of Pikeville, undertook to escort a mountain bad-man to the state reformatory at Frankfort, Ky.

A few years ago, before women voted, the idea of a woman police officer seemed funny. At least, many jokes were made about it. These jokes have lost their point.

Need anyone ask if Mrs. Jake Morris landed her prisoner all right at Frankfort? Certainly not. Of course she did!

## PROGRESS

Four boys who broke into a freight car were arraigned before Judge Petteway of juvenile court at Tampa, Fla.

He ordered each to earn enough money to buy a jack-knife and present it to some boy at the Children's Home.

How to punish children who break laws has long been a problem. This seems a good way to make a punishment understood.

Certainly it is better than locking a boy up in the company of other youthful offenders, and better than imposing a fine to be paid by a boy's parents.

## FINAL STEP

The final step in establishing a court of international justice will be taken at the meeting of the assembly of the League of Nations at Geneva, in September.

This is the most important item on the program of the assembly meeting.

As practically all of the nations, members of the league, have ratified the draft plan of the court, the ratification by the assembly, which is

necessary to make the court a going concern, is more or less a formality.

It may therefore be predicted with certainty that within a few months the long-dreamed of experiment of settling disputes between nations in the sane rational manner as disputes between individuals are settled, will be under way.

## OUR MITES

A little over \$200,000,000 was contributed to Protestant churches by American and Canadian members last year.

That's about a tenth as much as Americans spent on tobacco in the same period.

Churches christen us, marry us, bury us, give us our fine ideals and try to save us from hell. What we give them in return should make us ashamed.

## WRONG

Almost any rich man will tell you that the poor are the happiest. Writers, lecturers, philosophers also delight in saying so.

Even Mrs. Stillman, fighting for much alimony in the New York courts, says "money is a bore."

The saying doesn't harm the rich and is designed to console the poor. There's only one trouble with it—it isn't true.

## THEY FEED US

Pittsburg, where the workers make steel, draws on the farms for 15,900 freight cars full of fruit and vegetables a year.

Same system prevails in Bismarck.

Now, there are 6,500,000 farms in the United States.

On the other hand, we city folks make the farmer's machinery, clothing, automobile, etc.

A fair exchange is no robbery.

## ANSWERED

Next time you meet a fellow who is discouraged about America; who thinks our institutions are going to the devil; who fears America may yet fall for Lenin and Trotsky, call his attention to this fact:

SIX MILLION AMERICANS OWN THE HOMES THEY LIVE IN.

Home owners are the guardians of its insurance against Bolshevism.

## BREAD

Although prices have crashed, American farmers are raising 820,000,000 bushels of wheat this year, says the government's June crop report.

This means no danger of food shortage despite hard times. For real, practical patriotism, you can't beat the farmer.

Something's basically wrong with our economic system when starving is possible in the midst of plenty.

## FAIR PLAY

Atlantic City Rotary Club protests the local municipal taboo against women bathers without stockings.

The club has good sense on its side. Women find it hard enough to learn to swim without having their feet weighted down with wet stockings, each with sand in the toes.

City officials who insist on women wearing stockings while swimming should be required to try it themselves, first!

## ADVENTURE

Fred Schweer, a clerk, was locked by mistake in an airtight vault of the Metropolitan Bank in New York.

He was taken out unconscious, just in time to save his life with a pumpmotor.

Revived, he hurried home, ate a belated supper, and rushed off to the movies without mentioning his experience to his parents.

Probably he went to the movies to see something exciting. That's the way of it. Adventure or romance is something which seems to be happening to some one else!

## CHEWING

America's chewing gum bill is one hundred million dollars a year.

At five cents a package, the total circulation of chewing gum is two billion packages a year.

By considerable figuring we have ascertained that the total number of inches chewed in a year is 25 billion—394,570 miles.

Hence, Americans are chewing gum at the rate of 45 miles an hour.

The cost of chewing one mile is about \$286, a mileage rate that is not even approached by the railroads.

## KICK-BACK

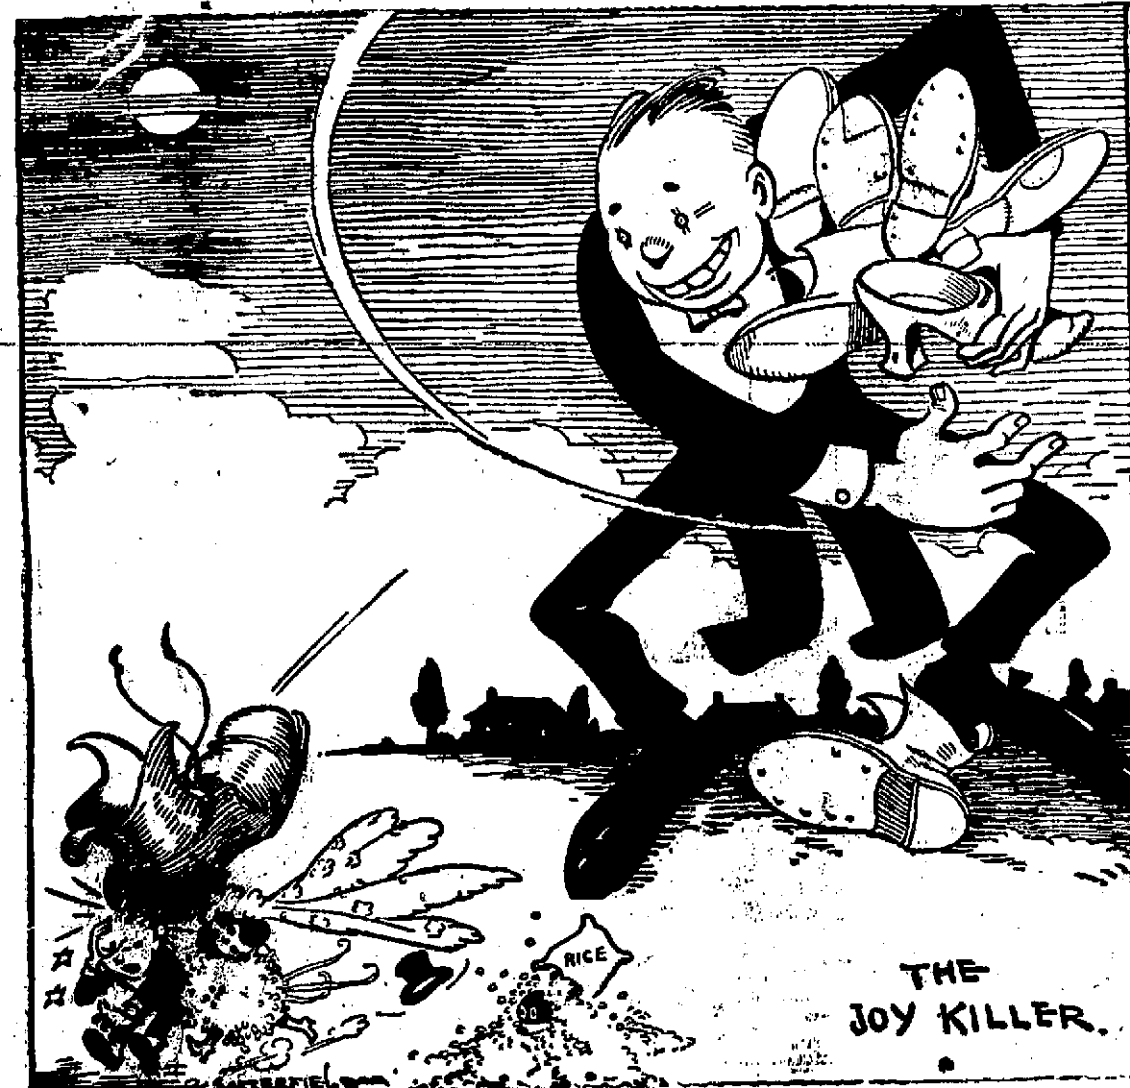

"The Rhine horror" yarns told by the Germans to discredit the French army of occupation, has hurt the business of Rhine summer resorts. So the health department of Baden put this advertisement in Berlin newspapers.

"Fear of improper behavior on the part of French colored troops is devoid of all foundation. No one has been in any way molested and all stories of colored troops annoying bathers or boat-riding parties are groundless."

The Germans have an old proverb which says: "He who digs a pitfall for another often falls into it himself." Germans are learning how true it is.

Looks like Congress can't talk peace without getting in a fight.

## ABOUT THIS TIME O' YEAR

THE JOY KILLER.

## MANDAN NOTES

### BOYS CAMP AT COUNTRY CLUB STARTS MONDAY

An excellent program is being offered the boys of Morton, Grant and Slope counties at their second annual encampment for the week beginning June 27.

They will be headquartered this year at the Mandan Country Club, with the Chautauqua park and the Experiment Station grounds just adjacent, and the week's plan, in charge of George H. Isle, county agent, covers just about everything which could interest a boy, or be of educational value to him.

The more serious part of it will include a talk on Veterinary problems, by Dr. Johnson; Horse judging, Dr. McManis; Health talk, Edith Eckman, County Nurse; Forest Crops, E. C. Newcomer; Dairy Stock Judging, Max Morgan; and Care of Teeth, by Dr. Lloyd Erickson. There will also be demonstrations in the following subjects: Rope Work, George Kie; Grasses and Weeds, J. T. Sarvis, of the Experiment Station; Trees, F. W. Cobb, of the Station. The two last are in the form of field trips.

The more recreational events will include baseball, basketball, fishing, exercises, general athletics, movies, a chautauqua program on Friday night and a baseball game against the Boy Scouts. There are numerous features not mentioned in this schedule, and considering that the entire cost is just \$5,000 for the week, it is a splendid offering for the farm boy. Last year's camp was most successful and at least 60 boys will attend this year.

### FARM PICNICS TO END SERIES JUNE 25

The series of farm picnics, at various localities, which were held during the last two weeks will come to an end on Saturday, June 25, with the big Farm Bureau picnic at the U. S. Experimental Station.

John Dawson, President of the Association, will preside and will conduct the referendum and discussion on the 16 questions of national legislation of interest to the farmer. J. G. Hays, superintendent of the Internal Demonstration farms, will be in attendance and have a place on the program as will also Capt. Robert Wilson, acting superintendent of the Experiment Station. The schedule will include a trip around the Station and explanation of the various demonstration plots, and more especially talks on shelter belt planting, a subject of greatest importance in this dry land region.

ON WAY TO CELEBRATION—There have been a number of Montana Indians in town, on their way to the Standing Rock reservation for the Fourth of July celebration.

Capt. A. B. Welch is scheduled to make speeches at three different points on that date, but the principal celebration will be at Solon, where perhaps 2,000 Indians will gather to stage a patriotic program. It will probably be a more memorable occasion this year than on any other, because of the return of the bodies of their dead chiefs from the battlefields of France.

HOSTESS TO LEAGUE—At an interesting social event of the week, Mrs. Anna J. Stark was hostess to members of the Civic League, on Wednesday, at her home on Third avenue N. W.

Pink was the dominating color note of the perfectly appointed tables and a great profusion of pink roses and peonies were massed most effectively about the room.

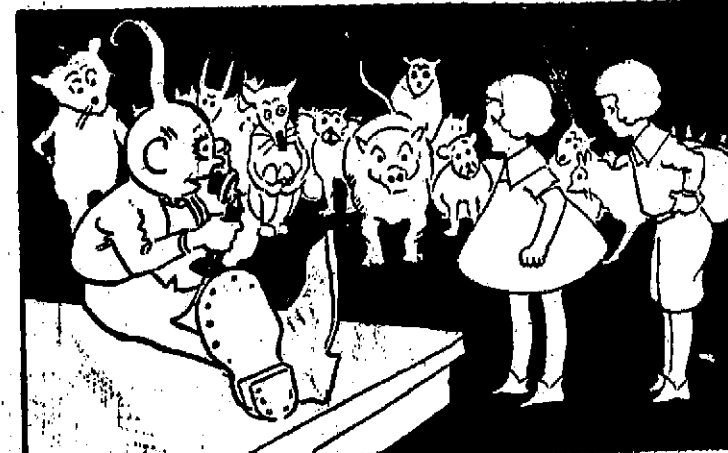

Delightful refreshments were served and covers were laid for thirty guests.

### LAST GAME CANCELLED

The last game of the Mandan and Valley City series did not take place. The Valley City team had a game scheduled for Wednesday afternoon on their home diamond and by reason

## ADVENTURES OF THE TWINS

By Olive Barton Roberts

"Is that you, your Royal Highness?" asked Filppty-Flap.

"Ting-a-Ling-a-Ling," rang Filppty-Flap on the telephone he took out of his shoe.

"Hello, Long Distance, please give me the Fairy Queen," said he.

"What's he doing?" whispered the wart-hog to Nancy, while Filppty-Flap was waiting for the Fairy Queen to answer.

"He's talking across the ocean to fairyland," answered Nancy.

"Ocean?" "What's the ocean?" went on the wart-hog. "And fairyland?"

But Filppty-Flap was talking again, and Nancy said it was impossible to speak when someone was phoning, but that she'd tell him something again.

"The wart-hog did a back somersault as he had a habit of doing, and said he was sorry, and commanded the Council of Creatures to be quiet, too, until Filppty-Flap had finished.

"Is that you, your Royal Highness?" asked Filppty-Flap. "Yes, we got here all right. No, we haven't got sly Tag Tiger yet, but we're going to soon

without a doubt. Will you please tell the circus people to have a big cage ready with the door wide open, and to face it this way. We may need it in a hurry. Yes, that's all, thank you. Goodbye.

"Now, then, folks," he cried, putting away his telephone and rubbing his hands together in a business-like way.

"Let's get busy. Nick and Nancy, you go and bring me a peck of nice round pepper-corns. And I want the rest of you to come along with me and show me where each one of you lives."

"But our homes are a secret!" protested the mongeroos.

"I'll bet Tag Tiger knows the street and number of every one of you," scoffed Filppty-Flap. "Secret, indeed? Do you wish me to help you or do you not?"

"Yes, yes, yes!" they all cried.

"Right, O!" nodded the fairyman. "Now you twins be off, and meet me here in an hour." (Copyright 1921, by Newspaper Enterprises.)

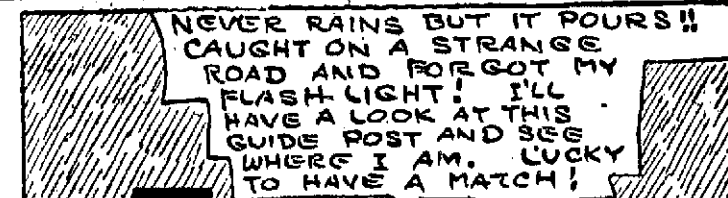

of the deranged train service it was necessary for them to leave Tuesday afternoon, which automatically cancelled their game here.

FOR SUMMER SESSION—Miss Jean Stutsman has gone to Jamestown for the summer session at Jamestown College, where she is taking some special subjects.

TO END MEETINGS—The Presbyterian Ladies Aid society will close their meetings for the season on Thursday, June 23, with a devotion.

lightest social afternoon at the Country Club house.

A buffet lunch will be served and there are to be various entertainments during the afternoon. The members of the society who will entertain for the occasion are planning on a very full attendance.

## CATTLEMEN TO MEET

Mandan men who have cattle interests will attend a gathering of all cattle men in the state at McLaughlin on June 28.

It is proposed to form an association of cattle men in both states for mutual interest and more especially as a protection against cattle rustling, which still exists, in spite of several late attempts to remove the rustlers.

## SCHEDULE REMAINS SAME

The train service due at the food situation will remain about as it is for several days more, according to officials in charge. Trainmaster Thane Sprague is still headquartered in Jamestown, it being necessary for him to "ride" the Northern Pacific trains, which are being detoured over Great Northern tracks and with Great Northern crews in charge.

## OFFER FINE CONCERT

At a concert on Tuesday evening, the Municipal band offered their usual excellent program. They played to a large crowd, the band stand square being packed, and their numbers were received with much enthusiasm.

The band returned on Tuesday from Stearns, where they played for a Farm Bureau picnic, and received a real ovation.

## In Conference

The Rev. Thatcher is absent for a week's visit to Jamestown, where he is in conference with other church officials on matters of clerical interest.

## To Attend Picnic

E. F. Ladd is in the city, and will be in attendance at the Farm Bureau picnic at the Experiment Station.

Motors to Mandan—motored to Mandan on Tuesday. He is en route to his ranch at Shields.

## Visiting Friends

Mr. and Mrs. C. R. Wilcox, of Cannonball, are visiting with friends in Mandan this week.

### TH' BETTIN' HEN

(Florence Borner)  
We had a hen that laid her eggs,  
Right on th' buggy-seat;  
But when she started settin' there  
Her wishes were defeat.  
Ma fixed her up a dandy nest,  
A-thinkin' 'at she would  
Be glad to hatch her babies out,  
As proper biddies should.  
But no-sir-ree; that stubborn hen  
Got right up on her legs,  
And danced a sort o' Highland fling,  
Upon her nest of eggs;  
She must have broken more 'an half,  
Th' others all were spoiled.  
An' when ma saw what had occurred  
Her constitution boiled.

She grabbed that chicken like a flash,  
An' yelled: "Bring me th' ax!"  
(She'd never killed a hen before  
An' made some awful hacks);  
But Ma sure had her temper up,  
An' so she hacked away,  
Till Mrs. Hiddy's head was off—  
An' it was off to stay.

Then Ma pulled all her feathers off,  
We stood aroun' big eyed;  
Ma floundered like a dandy stew,  
With dumplings on th' side;  
An' came poor Hiddy lost her life,  
We're sorry like, an' yet  
Us kids are thankin' Providence  
That chicken wouldn't set!

### AT BISMARCK.

"A bird in the hand is worth two in the bush." This was discovered to be a fact by Roscoe (Fatty) Arbuckle in the role of Monte Brewster, in his latest Paramount picture, "Brewster's Millions," which will be seen at the Bismarck theater next Monday.

Monte Brewster is the grandson of two wealthy old gentlemen, who have different ideas as to how the boy should mould his life. Grandfather aristocrat gives Monte a million dollars. The other grandfather offers to give him five millions if he spends that million in one year.

Monte spends the million, but at the end of the year, he also loses the five million, having broken one of the rules of the agreement by marrying. Everything ends happily, however.

## JOY BROUGHT INTO HOME

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done

for me. We have had six children die almost at birth. From one hour to nineteen days is all they have lived. As I was going to have another, I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of him. Everybody says, 'That is some healthy looking baby.' You have my consent to show this letter."—Mrs. C. W. BENZ, 1318rd Ave., Altoona, Pa.

No woman can realize the joy and happiness this healthy babe brought into the home of Mrs. Benz, unless they have had a like experience.

Every woman who suffers from any ailments peculiar to her sex, as indicated by backaches, headaches, bearing-down pains, irregularities, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.

BENEFIT DANCE AT ELM GROVE

The swimming pool dance, which will be given at Elm Grove tonight, will be attended by a great number of Bismarck people, the Elks committee believes. Mr. Galloway, in charge of the amusement park, announces that the entire receipts will be donated to the swimming pool fund. The Elm Grove orchestra will play. The Elks committee is boosting the dance.

HAVE WONDERFUL TRIP IN WEST

Mr. and Mrs. A. W. Lucas, who have been on an extended trip in the west, returned yesterday. Their first stop was at Portland, where they enjoyed the scenic drive before proceeding to Tacoma. They then went to Seattle, and took the boat from there to Vancouver, and also visited Victoria. The champion football team of England was touring Canada and playing there during Mr. and Mrs. Lucas' visit. The game was played on an island of 10,000 acres, a park which has a specimen of every kind of animal found in the Rocky Mountains and Sierra Nevada ranges. They then went to Lake Louise, over the Canadian Pacific, and to Banff Hot Springs. The high altitude affected Mrs. Lucas and they returned a few days sooner than they expected. While in the west they saw Mrs. M. M. Cook, who lived in Bismarck several years ago.

HAVING PLEASANT TRIP

Word was received in the city telling of the delightful trip Mr. and Mrs. J. M. Martin and daughter are making in the car. The roads had been good and so they made splendid progress. They had visited friends in Aberdeen and Huron, South Dakota, and on Monday morning were on their way to Des Moines, Iowa. Mrs. Mary Burton and daughter, Bertha, who are leaving soon will join the Martins in Ohio and will continue to New York with them.

They met Mr. and Mrs. Barnes at Washington, visited in Pittsburgh and Buffalo and returned by way of the Great Lakes.

BOY SCOUT PICNIC

Last night the Boy Scouts held an open picnic and the families and friends of the Scouts were invited to attend. The ladies that went out took the boys baked beans, potato

salad and ice cream. The Girl Scouts were visiting at the camp yesterday. The Boy Scouts entertained their guests with a ball game. Later when a camp fire had been built, Mr. George Will gave an interesting talk on Indians. Among those out to the camp were Mr. and Mrs. Conklin, Mr. and Mrs. W. E. Lahr, Dr. and Mrs. Holmbeck, Mr. and Mrs. F. E. Byrnes, Mrs. Smart, Mrs. Dewhurst, Mr. and Mrs. Modrav, Mr. and Mrs. Goddard, and Mr. and Mrs. Welch.

ON MOTOR TRIP

Miss Butler, Miss Buchholz and Miss Mary Huber left today for an extended trip in the east, by car. Miss Madge Runey will join them at Jamestown. They plan on making a short stay in New York and from there go to Washington, D. C. Miss Runey, who was in Washington two years ago, plans to spend her time in Philadelphia visiting her brother, who is in the army. At Cincinnati, on her way back they will be joined by the Misses Henrietta Beach and Ruth Kollins, delegates to the business and professional women's convention at Cincinnati. They are stopping at many points of interest in the east.

SILVER TEA A SUCCESS

The silver tea given yesterday afternoon by Mrs. F. A. Knowles and Mrs. E. H. L. Vesperman was a decided success and netted a nice sum for St. Mary's parish. The table was decorated with a huge bowl of gladiolus. A group of the parish ladies assisted. Miss Mary Atkinson and Miss Margaret Smith gave a duet on the piano and Mrs. Bessie Homan Duerr rendered a vocal solo. The silver tea was well attended.

BAND ON TOUR

The "Million Dollar Band" is making its annual tour and is now playing at Ocean City, N. J. The band is made up chiefly of North Dakota boys. Charles Boise, Jr., son of Mr. and Mrs. C. G. Boise, is the only Bismarck boy in the band. The band played in the south last winter.

ON PICNIC

These hot days so many people are planning and making up a crowd for a day's outing at some cool spot and the big question with them is what food they are going to take along. Not much on a hot day takes the joy away from the anxious picnicers and the way to do is to go to John's Sanitary Meat Market and order some of their real home made Bologna Sausage, Frankfurters or Liver Sausage, and end the eating question right there and go on your way rejoicing. Business Men And Farmers Get Together

Minot, June 23.—A long step toward bringing about proper understanding between business and professional men of Minot and residents of rural sections of Ward county which will pave the way for closer co-operation, declared necessary by leaders of both groups at Minot and this section of the state are to accept the many opportunities for advancement and development, was taken by the banquet arranged through the efforts of the Minot Association of Commerce and County Agent N. D. Gorman at which the township supervisors, here for a conference with the county commissioners, were guests of Minot. More than 125 supervisors, many of them accompanied by their wives and some of them with their children, sat at banquet in the basement of the Episcopal church with Minot men and heard splendid talks by Dr. Levi H. Beeler, president of the Minot Normal; T. M. Williams of Des Moines, state master of the Grange; A. E. Spicher, county commissioner, and C. E. Danielson, president of the Minot Association of Commerce. Mr. Danielson served as toastmaster for the occasion.

DELIGHTFUL HAIR WASH

You can enjoy a delightful shampoo with very little effort and for a very trifling cost. If you get from your druggist's a package of canthrox and dissolve a teaspoonful in a cup of water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair. Instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure. Adv.

The principal address of the evening was by Dr. Beeler who sounded a popular keynote when he emphasized the necessity of farmers and business men pulling together if the problems confronting the nation at this

time are to be solved. His address covered a wide range of subjects, all leading up to the one main theme of closer co-operation, a better understanding and team work.

GETTING ALONG GOOD.

Women are as great sufferers from kidney and bladder ailments as men. Foley Kidney Pills help rid the blood stream of impurities that cause rheu-

matic pains, backache, swollen, aching joints and stiff, painful muscles. Mrs. Carey, Box 91, R. F. D. No. 2, Middleton, N. Y., writes: "I had kidney trouble ever since I was a little girl, but I am getting along good since I have taken Foley Kidney Pills." They act immediately and help restore the kidneys to healthful activity.
